MESSAGE FROM FOUNDERS

CRAFTING SOLUTIONS, DELIVERING SUCCESS

At Solar Bear Energy Philippines, we specialize in creating tailored solar solutions that meet the unique needs of our clients. Our commitment to innovation and sustainability drives us to deliver exceptional results, ensuring that every project not only meets but exceeds expectations. Together, we're building a brighter and more sustainable future for our communities.

“

At Solar Bear Energy Philippines, we are dedicated to transforming the way our communities harness solar energy. As we navigate the challenges of climate change, our mission is to provide innovative and reliable solar solutions that empower both individuals and businesses.

We believe that clean energy is not just an option; it's a necessity for a sustainable future. Our team is committed to delivering exceptional service and fostering strong partnerships that drive growth and promote environmental stewardship.

Thank you for joining us on this journey towards a greener Philippines. Together, we can create a brighter, more sustainable future for generations to come.

Mr. & Mrs. Conelly
CEO of US and PH SBE

COMPANY INTRODUCTION

Business Corporate is a Profitable goods or services production with strategic planning.

ABOUT US

Our team of experienced professionals is committed to delivering exceptional customer service and expertise at every step of the journey. We understand the unique challenges faced by our communities, and we strive to create customized solutions that not only reduce energy costs but also promote environmental sustainability.

As a proud Filipino company, we aim to contribute to the nation's transition to renewable energy, ensuring a cleaner, greener environment for generations to come. Join us in our mission to empower communities with reliable and efficient solar energy, making a positive impact on both the economy and the planet.

WHAT WE DO

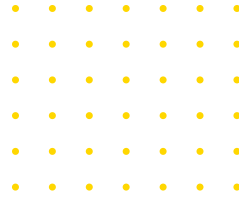

At Solar Bear Energy Philippines, we specialize in providing comprehensive solar energy solutions tailored to meet the diverse needs of our clients. Our services include:

- **Solar Panel Installation**
- **Consultation and Assessment**
- **Maintenance and Support**
- **Energy Storage Solutions**
- **Education and Advocacy**

Welcome To Our Company

where energy is converted
into savings

Our Vision

"Our vision is to power a sustainable future for the Philippines by providing accessible, reliable, and affordable solar energy solutions. Through innovation, collaboration, and a commitment to social and environmental responsibility, we aim to transform the energy landscape of the Philippines, while contributing to the country's economic growth and development."

Our Mission

Our mission is to lead the clean energy revolution by empowering our employees, clients, families, and associates with love and gratitude. We strive to make a positive impact on the world by providing innovative solutions and services that promote sustainability and reduce our carbon footprint.

We believe in creating a culture that values integrity, excellence, and teamwork, and we are committed to delivering exceptional results for our clients. Our ultimate goal is to inspire and encourage others to join us in the pursuit of a cleaner, more sustainable future.

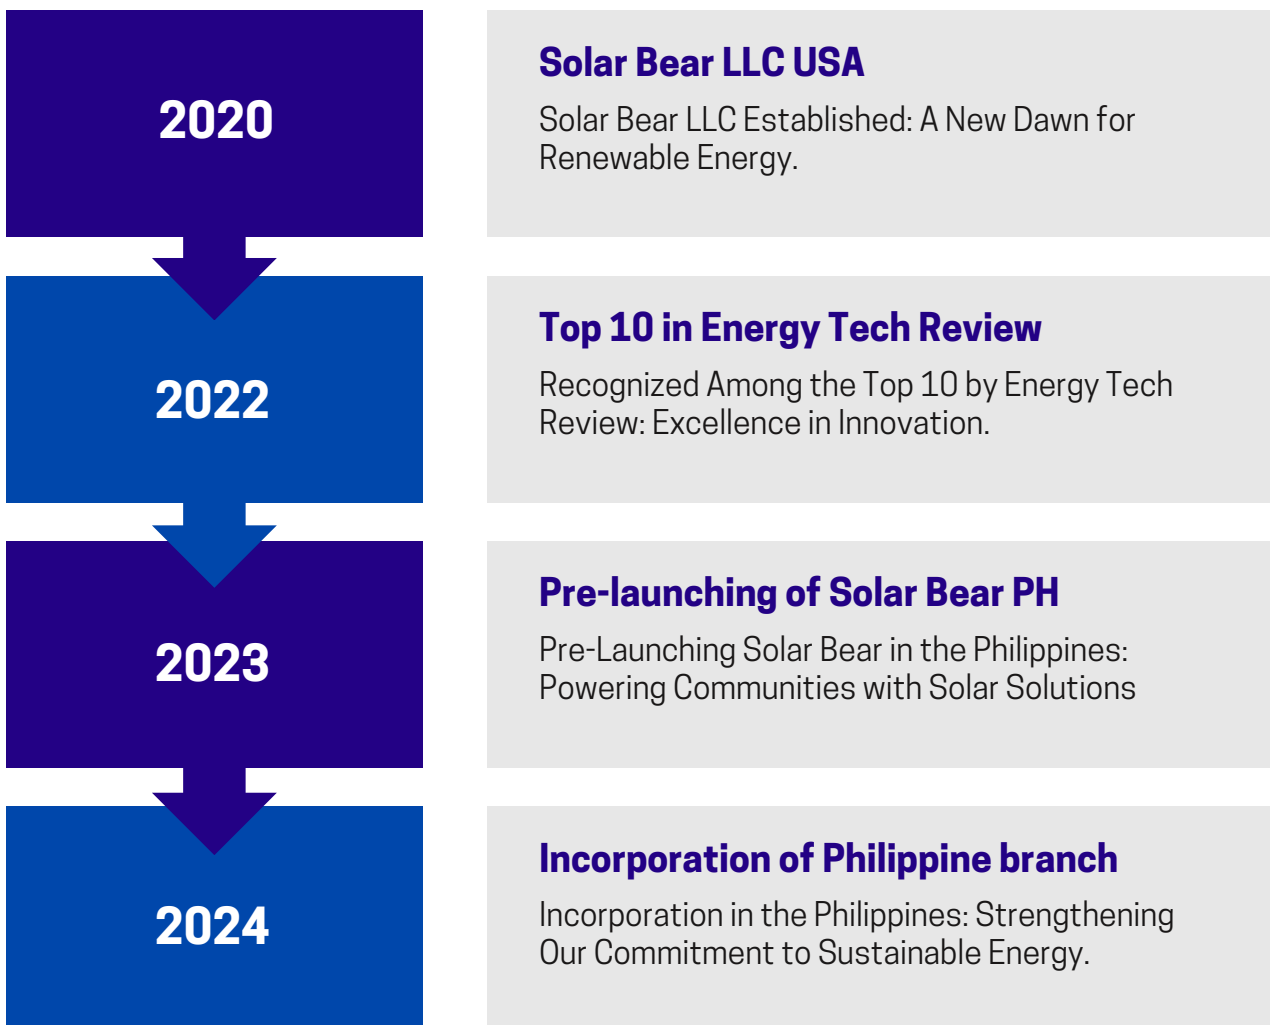

COMPANY HISTORY

OUR HISTORY

Solar Bear Energy was founded as a limited liability company (LLC) in Pennsylvania, USA, by a dedicated Filipina nurse and a passionate engineer. With a shared vision for renewable energy, they aimed to harness the sun's power to create sustainable solutions for communities. Their commitment to innovation and service quickly established them as leaders in the solar industry.

In 2024, recognizing the immense potential for solar energy in the Philippines, they expanded the company to serve local markets. Solar Bear Energy Philippines was born out of a desire to provide reliable, affordable solar solutions tailored to the unique needs of Filipino households and businesses. Today, we continue to uphold our founders' legacy by empowering communities, promoting sustainability, and driving the transition to clean energy throughout the country.

US PROFESSIONAL TEAM

Business Corporate is a Profitable goods or services production with strategic planning.

Dan Conelly

Founder, CEO of USA branch

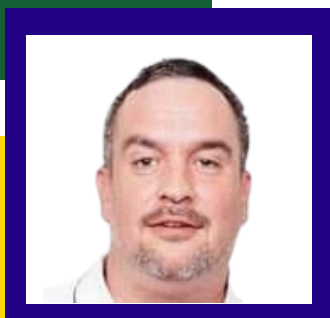

With over 10 years of experience in the solar industry, Dan Connelly is a highly respected figure in the renewable energy sector. As the founder and CEO of Solar Bear Energy LLC, he has been instrumental in building the company from the ground up, and has established a reputation for providing high-quality solar solutions to clients across the United States.

Chris Conelly

Chief Technical Officer

Responsible for overseeing the company's technical operations and ensuring that all projects are completed to the highest standards. With 25 years of experience as a Chief Electrical Engineer prior to co-founding Solar Bear Energy LLC with Dan Connelly in 2016, and a NABCEP Professional PV Installer certification, he has the technical expertise and industry knowledge to drive the company's success.

Zach Hores

Chief Operating Officer

With a background as a Senior Account Manager at Sunrun, the largest solar company in the USA, Zach Hores brings a wealth of sales and operational expertise to the Solar Bear Energy LLC team. He is responsible for managing the day-to-day operations of the company and ensuring that all projects are completed on time and within budget.

Eric Benson

Master Electrician

He is responsible for installing, repairing, and maintaining electrical systems, equipment, and wiring in residential, commercial, and industrial settings. He is also certified in several renewable energy technologies, including Enphase, Generac, Sol-Ark, and SolarEdge, and has expertise in designing, installing, and maintaining solar power systems for homes and businesses.

PH PROFESSIONAL TEAM

Business Corporate is a Profitable goods or services production with strategic planning.

Flora Conelly

CEO and President of PH Branch

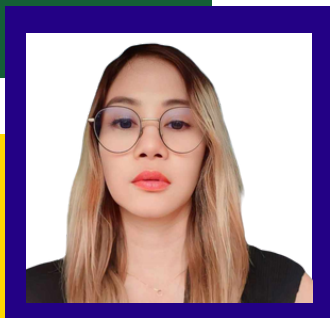

As the CEO and President of Solar Bear Energy Philippines, Flora Connolly brings a wealth of business expertise to the team. With over 8 years of experience owning and operating Flora's Nightingale Staffing Agency in NYC, and 4+ years as CFO of Solar Bear Energy LLC's USA branch, she has a proven track record of success in managing and growing businesses.

Elmer Bance

PH Branch Manager

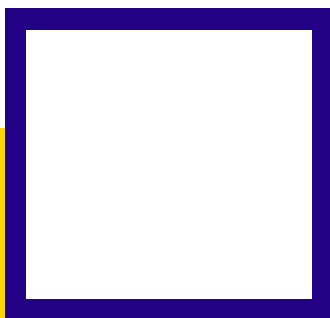

As a seasoned Business Devt Manager (BDM) for Operations in the industry with extensive experience, he utilizes his expertise in project management, operations optimization, and strategic planning to provide valuable solutions to Solar Bear Energy, helping us achieve our goals and improve efficiency.

Flordeluna Pajutining

Internal Officer

With a Bachelor of Science in Mass Communication from West Visayas State University, Flor acts as a key liaison between management and staff, fostering a culture of transparency and accountability.

Engr Felix Britania

Sales Enginee

,He is responsible for driving revenue growth and expanding the company's customer base in the region. His role also involves building and maintaining strong customer relationships, understanding client needs, and providing tailored solutions to maximize energy efficiency and savings.

GLOBAL MARKET STRATEGIC

Solar Bear Energy Philippines aims to expand its footprint in the global solar market by adapting innovative solutions to meet diverse regional energy needs. We prioritize collaboration with local stakeholders to foster sustainable growth and drive the transition to renewable energy.

200+

Households

Global Market Reach

Solar Bear Energy Philippines is dedicated to expanding its global market reach by strategically entering emerging markets and strengthening partnerships worldwide.

WHERE ENERGY BECOMES SAVINGS

By choosing solar energy, you can significantly reduce your energy costs, allowing you to redirect those savings into other areas of your life and invest in a more sustainable, financially beneficial future.

OUR SERVICES

We specialize in designing custom solar photovoltaic (PV) systems that are tailored to the unique energy needs of our clients.

At Solar Bear Energy, we offer a range of services to help individuals and businesses harness the power of solar energy. Our team of professionals includes experienced designers, engineers, installers, and service technicians who are committed to delivering the highest quality solar energy solutions.

01. Technology

Our team uses state-of-the-art technology to create efficient and effective solar energy systems that maximize energy production and minimize waste. We also offer energy storage systems to store excess energy generated by solar panels, allowing homeowners and businesses to use solar energy even when the sun is not shining.

02. After-sales

We offer regular maintenance and repairs to ensure that solar PV systems and energy storage solutions are functioning at peak performance, and we are always available to answer questions and provide assistance as needed.

"We are committed to providing ongoing service and support to our clients."

OUR PRICE LIST

GRID TIES

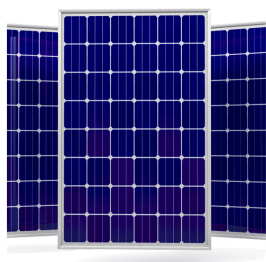

5kW Grid Tie

P242,000
/12 MONTHS

Package includes

- ✓ 5kW Grid Tie Inverter
- ✓ 5.5kWp PV System (10 panels)
- ✓ Expandable system up to 7.5kW
- ✓ High quality products

5KW

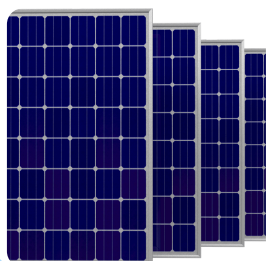

6kW Grid Tie

P278,000
/12 MONTHS

Package includes

- ✓ 6kW Grid Tie Inverter
- ✓ 6.6kWp PV System (12 panels)
- ✓ Expandable system up to 9kW
- ✓ High quality products

6KW

8kW Grid Tie

P357,000
/12 MONTHS

Package includes

- ✓ 8kW Grid Tie Inverter
- ✓ 8.8kWp PV System (16 panels)
- ✓ Expandable system up to 12kW
- ✓ High quality products

8KW

10kW Grid Tie

P440,000
/12 MONTHS

Package includes

- ✓ 10kW Grid Tie Inverter
- ✓ 11kWp PV System (20 panels)
- ✓ Expandable system up to 15kW
- ✓ High quality products

10KW

OUR PRICE LIST HYBRID INVERTER

5kW Hybrid Inverter

P394,000
/12 MONTHS

Package includes

- ✓ 5kW Grid Tie Inverter
- ✓ 5.5kWp PV System (10 panels)
- ✓ Expandable system up to 7.5kW
- ✓ 100 AH LiFePO 4 Battery

5KW

6kW Hybrid Inverter

P436,000
/12 MONTHS

Package includes

- ✓ 6kW Grid Tie Inverter
- ✓ 6.6kWp PV System (12 panels)
- ✓ Expandable system up to 9kW
- ✓ 100 AH LiFePO 4 Battery

6KW

8kW Hybrid Inverter

P657,000
/12 MONTHS

Package includes

- ✓ 8kW Grid Tie Inverter
- ✓ 8.8kWp PV System (16 panels)
- ✓ Expandable system up to 12kW
- ✓ 200 AH LiFePO 4 Battery

AWARDS AND RECOGNITION

These awards and recognitions showcase Solar Bear Energy LLC's commitment to providing the highest quality renewable energy services to clients in the United States. By partnering with a company that holds these certifications and recognitions, clients can trust that they are working with a team of experienced professionals who are dedicated to delivering reliable, efficient, and sustainable energy solutions.

- **Energy Tech Review Magazine: Top 10 Renewable Energy Services in USA** - This recognition from Energy Tech Review Magazine is a testament to the quality of Solar Bear Energy LLC's renewable energy services. Being named as one of the top 10 renewable energy services in the United States highlights the company's commitment to providing reliable, efficient, and sustainable energy solutions to clients across the country.
- **NABCEP PV Professional Installer** - The North American Board of Certified Energy Practitioners (NABCEP) is the most respected and widely recognized certification organization for renewable energy professionals in North America. The PV Professional Installer certification from NABCEP demonstrates Solar Bear Energy LLC's expertise in designing and installing solar photovoltaic systems, and provides assurance to clients that the company's services meet the highest industry standards.
- **Silfab Certified Installer (25 year workmanship warranty and 30 year production and performance guarantee, USA only)** - Silfab is a leading manufacturer of high-quality solar panels, and their Certified Installer program is designed to ensure that only the most skilled and knowledgeable professionals are installing their products. As a Silfab Certified Installer, Solar Bear Energy LLC can offer clients a 25-year workmanship warranty and a 30-year production and performance guarantee, providing peace of mind and long-term value.
- **Generac Certified PWRcell Installer** - Generac is a trusted name in backup power solutions, and their PWRcell system is a cutting-edge energy storage solution that can help clients reduce their reliance on the grid and maximize their use of solar energy. As a Generac Certified PWRcell Installer, Solar Bear Energy LLC has demonstrated expertise in installing and servicing this advanced energy storage system.
- **Enphase Certified Installer** - Enphase is a leading provider of microinverter technology for solar photovoltaic systems, and their Certified Installer program ensures that only the most qualified professionals are installing their products. As an Enphase Certified Installer, Solar Bear Energy LLC can offer clients the benefits of this innovative technology, including higher energy production and better system reliability.
- **OSHA Certified PV Installer** - The Occupational Safety and Health Administration (OSHA) sets standards for workplace safety in the United States, including regulations specific to the installation of solar photovoltaic systems. By being OSHA Certified, Solar Bear Energy LLC demonstrates a commitment to ensuring the safety of its employees and clients during all phases of solar system installation.
